PRESS ANNOUNCEMENT
Service Partner and Agency Agreement
between MAN Rollo BV and NISSEN energi
teknik a/s

NISSEN energi teknik a/s and MAN Rollo BV prolonged their cooperation in Denmark!

They have been partners for more than 14 years, but new times mean new people and a request for new spirit in the existing relationship.

On the 4th of November 2010 NISSEN energi teknik a/s and MAN Rollo BV prolonged their cooperation by signing a Service Partner and Agency agreement. This means that NISSEN energi teknik a/s is the prime contact for MAN Gas engines, parts and service in Denmark.

NISSEN energi teknik a/s is centrally located on the Main land (Jutland) of Denmark and operates a Branch Office in Karlslunde out site Copenhagen. NISSEN energi teknik a/s is specialized in Servicing and Delivering Energy plants of which the majority are based on MAN Gas Engines. NISSEN energi teknik a/s has more that 75 MAN engines under service contract. According to Gertjan Boer (Sales Manager, MAN Rollo BV) "NISSEN is the ideal partner for MAN Gas engine business in Denmark and with their network and experience they also facilitate a good gateway to both Norway and Sweden."

Since their start in 1991 NISSEN energi teknik a/s is working together with MAN Rollo BV and the two companies signed the first Agency agreement in 1996. According to Thorvald Pedersen (CEO, NISSEN energi teknik a/s) "this contract means a further step in the cooperation, the MAN engine is not only a leading product in the Danish CHP market but also in the rest of Europe. With this contract the doors are open to find more companies that rely on the quality of the MAN Gas engine."
